

Do your thing at NT-ware!

State-of-the-art software for print and scan management “developed from scratch” – that is what our international team of developers does best. And, as an integral member of the Canon Group, we have a strong partner on our side. In a working environment that sets standards for flexibility. From Bad Iburg, Germany, we stay in constant contact with our colleagues in New York, Singapore and Tokyo – and soon, we hope, with you.

JUNIOR PRODUCT MANAGER (M/F/D) PRINT AND SCAN MANAGEMENT SOFTWARE

THIS SOUNDS AMAZING!

Do you have, or are you about to gain, a university degree in business or marketing, and do you have some work experience in the marketing field (B2B)? Are you good at communicating and presenting in both German and English...and do you enjoy it? Do you consider yourself a doer and team player? And are you IT-savvy - perhaps even familiar with printing technology?

Of course!

Experience? Is something I'd like to gain with NT-ware.

Are you about to start your professional career or would you like to write your thesis with us? We are always looking to champion new talents and therefore look forward to receiving your application!

Our team of experts from over 35 countries is always in high spirits. Working out of our environmental friendly building in Bad Iburg, Germany, we put our heads together to develop, test, implement and market exciting ideas. By the way: How about discussing the latest print technology trends in English?

I love it!

English is not really my strong point.

As a member of our team, you will soon be able to:

- develop product-specific marketing materials and campaigns
- compile web content
- create and publish current product information
- give inspiring presentations and webinars
- support Canon and our Business Development team at international events
- communicate directly with Canon to support their business

No worries. We offer in-house language courses taught by certified instructors so you can quickly brush up on your English skills.

That sounds perfect. Is there any information about the perks and benefits?

I don't think this is the right job for me :(

That's too bad. Good luck with your job search!

Perks and benefits? Of course. We offer a super-flexible, highly modern, and well-equipped workspace with a company bonus plan, opportunities for continued professional development, driver safety training, work bicycle rentals, gym partnerships, work from home, electric height-adjustable desks if desired, and much more... Convinced?

Are you looking for more good reasons to join NT-ware? You can find more information about our corporate culture at www.nt-ware.com.

Definitely!
